Care Instructions

In order to maintain the beauty of your interior cabinets, we recommend using quality care products, like Howard Feed-N-Wax Wood Polish and Conditioner. This unique blend of beeswax, carnauba wax, and orange oil enhances the natural beauty and depth of grain in finished and unfinished woods. Feed-N-Wax also prevents further drying of the wood and deterioration of the finish.

Who We Are

With more than 50 years combined experience in woodworking, interior design, and construction, Vaughn's Cabinets, Inc. is a custom woodworking manufacturer located in Holdenville, Oklahoma, specializing in kitchen cabinets, furniture restoration, upholstery, and handmade furniture.

Mission Statement

Our mission is to provide consumers with locally- and sustainably-produced products of quality craftsmanship.

Keys to Success

Vaughn's Cabinets, Inc. holds its core values to be its greatest assets. Quality work comes from quality people and we work diligently to find the best trained and most skilled workers to perform the various functions within the business. We owe our success to these values and the skilled workforce that exemplifies them.

"Old fashioned honesty"

Custom Cabinetry

Potential customers inquiring about custom cabinetry or woodworking services are met with a wide array of design services ranging from stain, paint, and other finish samples; countertop, plumbing, and fixture samples; as well as wood, door styles, hardware, and flooring samples. All meetings with clients take place in a consulting area located at our headquarters or on-site in the client's home, and estimates are provided at no cost to the potential customer. A number of design resources exist on our website in order to give potential customers the ability to search style options in advance. Throughout the job, clients can expect seamlessly integrated subcontractor services including scheduling, service guarantees, and on-time job completion.

"If you need new or remodeled cabinets call Vaughn; he is the best, and you will be amazed at what he can do." -Judy, Calvin, OK

Vaughn's Cabinets, Inc. is committed to the use of sustainable, durable materials in all of the services we provide. We guarantee solid wood in all of our wood products.
